Dear

Re: Membership of Kildale Show

The Kildale Agricultural and Horticultural Society was established in 1881. Its annual show is one of the smallest, traditional local North Yorkshire shows remaining. It is organised voluntarily by the local community not for profit, with its only aim to cover its costs and ensure the show continues.

Last year was a difficult year for the show and we are writing to see if you could please help us to ensure the future of the show by becoming a member of the Society and therefore paying your entry in advance through standing order or direct debit to enable us to generate enough income to cover the costs of tent hire, insurance, attractions etc. We will then commit to sending you a schedule and entry tickets as soon as they are printed to remind you to come along but even if you can't come on the day for some unforeseen reason we have some guaranteed income which will be of great support.

Thanking you in advance for your consideration and support, and if you would like to help us, please could you complete the tear off section below and we will then return either a direct debit or standing order form to you. We would be grateful if you could indicate below which form of membership and which method of payment you prefer.

Best Regards

Kildale Show Committee
