A BIT ABOUT GOLDEN GOOSE & ME

A married mother of two, having moved to Castle Combe from Clapham in South London almost 7 years ago.

I have, since the birth of my first child, almost 6 years ago, developed a passion for throwing children's parties.

My working background has been designing and making handbags and aprons for Mothers and Daughters and writing and performing children's Puppet Shows.

For my daughter's 5th Birthday, we had a party in the Village Hall for 25 children which was a wonderfully sociable event, with lots of interaction, fun and games. Many of the children said it was the best party they had been to, and as a result I created "Golden Goose Fun & Games".
